THE SQUAD Section anti-narcotiques de Naples

The Naples drug squad is 29 men; a handful of cops unlike any others, who have declared war on the Camorra. Their mission is to break up the drugs trade that has transformed the region into a hub for the European cocaine run. Their aim is to eventually arrest all the bosses of the powerful mafia who are directing this trade. It's exhausting and dangerous work in a city where the rule of law is just a vague notion.
